

2018 RULES & REGULATIONS

UNLIMITED GOLF: All golf memberships include unlimited golf. Golf cart fees are optional and members may either pay per usage or purchase an annual cart plan. A trail fee is required for those owning a personal cart. Members may also pay per usage or pre-pay for an annual range plan.

GOLF CATEGORIES: Non-Shared, Corporate and Non-resident golf membership categories are entitled to full unlimited and unrestricted golf privileges. Non-resident memberships for Single, Couple or Family are subject to category availability and annual dues shall be ½ of the then published rates for Hawks Landing Golf Club (HLGC). Non-Resident members have the same golf privileges as regular members, but are not allowed to participate in the grandfathered shared membership program. Grandfathered shared golf membership categories are entitled to full unlimited golf privileges under shared membership restrictions. Please access our 2016 Shared Membership definition document for comprehensive guidelines regarding shared membership categories.

USE OF FACILITIES: Each Member shall have available to them the golf shop, locker rooms, club storage, practice area and the restaurant & bar during the applicable hours of operation. Locker rooms and club storage are intended for individuals who have paid their yearly applicable fees.

TEE TIMES: Hawks Landing's tee sheet operates on 10-minute intervals. If you arrive late for your tee time you will be placed in the next available tee-time.

Members may reserve tee-times, subject to availability, up to 30 days in advance. Notwithstanding contracted groups or shotgun outings, the Golf Club may permit non-members to reserve tee-times, subject to availability, up to 14 days in advance. Once a tee-time is reserved by anyone, it will not be released in favor of another person except with the consent of the person first having reserved the tee-time. For all memberships, except corporate, no more than two (2) tee-times may be reserved in advance for the same day by Members from the same membership, unless booking as a group or outing and approved by the Head Golf Professional. The Golf Club reserves the right to limit reservations for tee-times if the Golf Club determines it is necessary to stop an abuse of the tee-time reservation system.

GOLF SHOP & PRICING: Members shall have the privilege of purchasing Golf Shop inventory at preferred pricing by paying the required annual Mill River Buying Club Fee. For golf shop hours please call 608-848-4295, as hours will change during the golf season and during the off-season.

MILL RIVER PLAN: The Mill River Plan is a member's buying group designed to provide members discounted pricing on goods purchased through the HLGC Pro Shop. Golf Shop items will be marked accordingly and will have a Mill River price tagged between 10-15% over cost. The 2018 Mill River charge will be \$200, plus tax, is a requirement of golf membership and will be billed annually. All Mill River purchases shall be for personal use and gifts only. A member should not use their privilege to purchase items for others outside the club, unless purchases are made as direct gifts. Shipping and handling fees will apply on special orders and a 10% restocking fee may be charged for special orders made and returned by members.

LESSONS: Members shall receive preferred pricing on golf lessons, including the Junior Golf Programming given by the Golf Professionals.

PLAY PARAMETERS: You and your guests must check in at the golf shop prior to starting all play. Starting play from #10 tee is only allowed with permission from the Golf Shop. General pace-of-play must be completed in 4 hours and 16 minutes or less. Members without guests are encouraged to play in 4 hours or less. During most days, the Golf Shop will be tracking all turn and finish times of golfers throughout the season. Groups will be notified if over time, unless the group(s) ahead of you was directly responsible for your overage. The offending group will then be the only one notified of their overage. Consistent offenders over pace will be subject to further discipline and may not be allowed to book tee-times on-line or as three or foursomes. Please do your absolute best to stay on pace and not to confront the staff when they remind you of being off course established pace. After a group has been warned twice for slow play, upon the third warning the group will be asked to either let the group behind them play through, be moved forward, or be removed from the course.

Special tee-time rule to ensure pace-of-play on weekends and holidays:

- All players or groups teeing off prior to 8:30 am on weekends and holidays are required to finish their rounds in four hours or less.
- Players or groups teeing off during the above stated times that are unable to play within the required time limit may be subject to a warning letter. If additional warnings are necessary, then the Golf Shop will be instructed to not allow the offending member(s) to tee-off prior to 8:30 am on weekends and holidays until further notice.

MEMBER GUEST RATES: The following preferred rates are extended to your guests when playing with the Member. Preferred rates apply to all guests and are subject to change. Please consult our website www.hawkslandinggolfclub.com for current guest rates. You may bring a maximum of seven guests per day per membership, unless otherwise approved by the Head Professional. Your guests must play in your group or the group directly in front or behind you. NON-MEMBER (PUBLIC) PLAY: The Public is welcome to reserve tee-times Monday-Sunday. **All non-golf members may play up to eight (8) total plays each prime season excluding corporate and charity sponsored outings.** All rates include golf cart and will be published on our website. All non-golf member bookings will be coordinated through our website or the Golf Shop, based upon availability, up to 14 days in advance.

NO SHOW POLICY: Failure to cancel a reserved tee-time up to three hours in advance from that time may result in your account being charged for the entire tee-time at the applicable rate. Notice of reduction in players from the reserved tee-time must also be received by the golf shop at least one hour prior to the tee-time, or the person who booked the tee-time will be charged for the spot(s) that were originally reserved and unused for the booking. This policy is for members and non-members. The only circumstance when the golf shop will not enforce this policy would be if an open tee-time exists immediately before or after the booking.

Example 1: A tee-time was reserved but no one in your group shows up and the reservation was not canceled at least three hours in advance of the tee-time. As a result, your account will be charged for the cost of you and your guests. If the booking was for four people and the applicable rate was \$50, then the rate that will be charged to your account or your on-file credit card will be \$200.00, plus tax. You will then receive four rain checks for the total amount to use on a future booking. These rain checks will have an expiration date located on the ticket.

Example 2: A tee-time was reserved for four players and your group shows up for the reservation with three, and the player number was not reduced at least one hour in advance of the tee-time. As a result, your account will be charged for the cost of one player. If the booking was for four people and the applicable rate was \$50, then the rate that will be charged to your account or on-file credit card will be \$50.00, plus tax. You will then receive a rain check for the total amount to use on a future booking. This rain check will have an expiration date located on the ticket.

JUNIOR RATES AND PLAY TIMES: Children under the age of 14 must always be accompanied by a parent. Non-golf member juniors may play up to 15 rounds each prime season, except during scheduled Men's & Ladies' Day times, during most club events, all adult league times and before 2:00 pm on weekends and holidays. Juniors ages 14-17 may play anytime except during scheduled Men's & Ladies' Day times, during several club events, all adult league times, and they must be accompanied by a parent before 2:00 pm on Saturdays, Sundays and Holidays. Additionally, all juniors under the age of 14 will receive complementary greens fees after 4:00 pm on weekends and holidays (*cart fees apply, if applicable*). Non-Member Children 14-17 must adhere to the eight play limitation. Exceptions to play times may be made at the discretion of the Head Golf Professional. Rates for Non-Member Children 17 and under are as follows:

- | | | | |
|-------------------|------------------|--------------------|------------------|
| • 18 holes riding | - \$40, plus tax | • 18 holes walking | - \$30, plus tax |
| • 9 holes riding | - \$20, plus tax | • 9 holes walking | - \$15, plus tax |

INCLEMENT WEATHER POLICY: Play is always at your own risk. The golf staff may sound an air horn if they believe bad weather is approaching, in which case golfers are advised to seek shelter immediately. There are restrooms/shelters near the back teeing locations on holes 6 and 14 or, if possible, golfers should come back to the Clubhouse. The Golf Shop will let golfers know when the golf course is open for the resumption of play. As always, however, each golfer is responsible for evaluating weather conditions and determining whether or not the conditions are safe for play, and each golfer assumes such responsibility by playing on the course. When rain checks are issued, they will be pro-rated by the amount of holes that have been completed. Based upon an eighteen (18) hole round of golf, the round is considered complete if fourteen (14) holes have been finished. A nine (9) hole round is considered complete if five (5) holes have been finished.

Rain Check Example: Individual has paid for 18 holes and six holes were completed. As a result, a nine hole rain check will be presented.

BLUE FLAGGED CARTS: Persons with significant medical disability that inhibits or limits their ability to walk may apply for the use of a blue flag. A blue flag on a cart allows a player with a medical disability to drive the cart in areas that typically are designated as "no carts allowed" as long as the areas are dry, not steeply sloped, and are farther than 10 feet away from a putting surface or teeing area. No cart should ever be driven across a tee or closer than 10 feet from a putting surface. All carts must also always remain out of all native grass areas. Special privileges come with a blue flag. Only the Golf Professionals or Course Superintendent shall grant this privilege.

GOLF CART POLICY: Electric carts are an important part of golf for many players and essential for some of our older or disabled players. The use of golf carts, however, can affect the conditions of the course that everybody plays. If driven improperly and/or in prohibited areas, golf cart drivers can cause extensive damage to our course. Each driver of a golf cart assumes full responsibility for damage to property and/or the golf cart from collision and/or liability of any injury occurring while they operate a golf cart on the premises of HLGC or the community of Hawks Landing. The Golf Club has full authority to suspend the privilege to use a golf cart by any Member or guest who disregards these rules.

- Use of a cart is a privilege; the privilege can be lost if rules are disobeyed.
- Golf carts are not allowed in the parking lots or off golf course property.
- Two people maximum per cart.
- The driver must have either a probationary, occupational or regular driver's license.
 - Any driver over the age of 15 years and 6 months with an instructional permit may operate as a driver of a golf cart provided they have an accompanying cart passenger who currently holds a valid regular (non-probationary or occupational) license and be one of the following;
 - A qualified instructor age 19 or older, **or**
 - A parent, guardian or spouse, age 19 or older, **or**
 - A person 21 years of age or older. If the permit holder is under 18 years old, the accompanying licensed person is required to have written authorization from the minor's parent or guardian prior to the operation of the vehicle.
- Obey signs at all times (unless you have the privilege of a blue flag.)
- Keep carts a minimum of 10 feet from all bunkers.
- Avoid driving and parking carts on slopes.
- Carts should be parked with all wheels completely on the cart paths and to the side or back of a green in order to facilitate a timely exit after completing each hole.
- The Greens Superintendent has a final say about use of carts when conditions make it likely they will damage the course. Cart path only means cart path only, including blue flagged carts, unless the Greens Superintendent has approved this exception.

ETIQUETTE OF GOLF: The following rules are intended to improve the use and enjoyment of our course. Any infraction of the rules should be reported to the Golf Shop for appropriate action.

- Golfers playing in 4 hours and 16 minutes or less are considered playing at an acceptable pace-of- play. Faster golfers are encouraged to play through but should also respect their fellow members' and guests' experiences when they are playing within the required time expectations.
- Players looking for a lost ball should allow other players coming up to pass through, and have signaled them to pass, must not continue play until they have passed and are out of range.
- No player shall play from the tee until players in front are well out of range. Players also shall not play up to the green until the players in front have holed-out and have moved away from the green.
- Bunkers shall be entered from the low side and left from the same point, being sure to properly rake the bunker upon leaving it and leave all bunker rakes completely inside the bunker.

After all hole-in-one members have been billed and validation has been confirmed, the member shall then be compensated.
